The Canadian Centre for Gender and Sexual Diversity (CCGSD) intersectionally promotes diversity in gender identity, gender expression, and romantic and/or sexual orientation in all its forms on a national level through services in the areas of education, health, and advocacy. Our resources and programming can be used to uplift gender and sexual minorities, as well as give the tools to wider populations in building allyship.

As a leader in anti-discrimination work, CCGSD runs programming all over Canada and the United States. Because of our hundreds of volunteers, we are able to reach over 250,000 people annually. We are also a proud leader in the International Day of Pink (DayOfPink.org), engaging millions of people in wearing pink and to run programs that stand up to bullying. We encourage you to find out more about CCGSD & the International Day of Pink, and get involved in making your community a safer and more diverse place.
